Insert and remove your credit card, touch a few buttons on the screen, scan your page, and your correspondence will be off and running. You can print a cover page, select between normal, fine or photographic detail, and letter or legal size. On the screen, you enter the phone numbers of the place or places you would like to send the correspondence. With TouchFax, you can send multiple page documents to multiple fax destinations worldwide.

To receive a fax, just call the party that's sending you the document and let them know the TouchFax number. TouchFax will automatically receive your document. No matter where you are, you can have the information you need, when you need it.

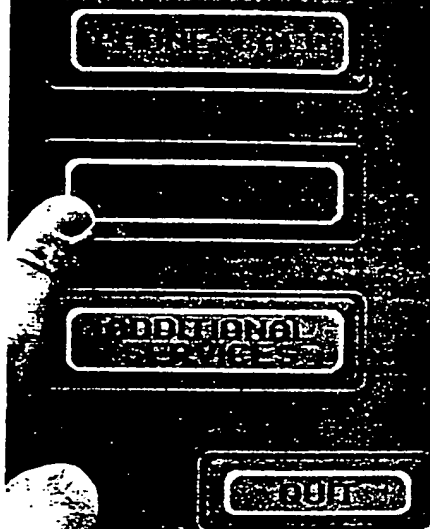

TouchFax also serves as a high quality plain paper copier. You merely touch the printing option that you want. You can choose fine detail or the photographic mode. TouchFax will always give you presentation quality copies.

If you have any questions, TouchFax will display or print the information you need. You may also contact a toll-free operator for additional assistance or step-by-step instructions.

# BY TOUCHING TED SERVICES

While you're using TouchFax, you have the freedom to stop at any time. The machine then prints out a receipt of your time and charges, and you're on your way.

If you want to make a phone call, use TouchFax. Enter the phone number by touching the keypad on the screen. TouchFax gives you crystal clear local and long distance service.

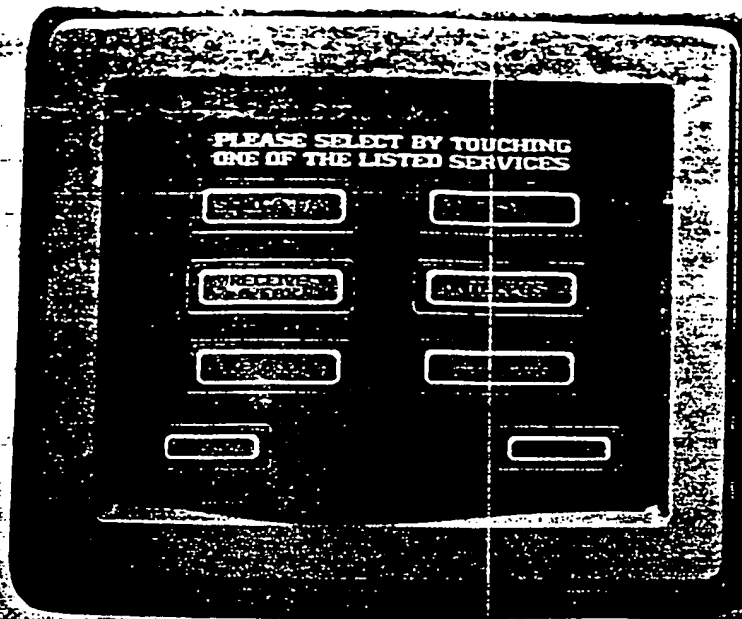

With TouchFax, you have access to this remarkable U.S. Post Office International Service. With Intelpost, your message can be faxed to post offices in 37 countries. You can arrange for your message to be picked up or delivered that same day or within 24 hours. This saves you valuable postal delivery time, and allows you to fax a message to an international colleague who doesn't have a fax machine.

Our services include fax business forms like urgent memos, purchase orders and credit applications. Or you can send a fax greeting card, telling a friend "Happy Birthday," "Congratulations" or "Thinking of You." TouchFax also features on-screen word processing and laser printout capabilities for a portable PC.

With TouchFax, you can access the TouchFax Electronic Library and many other value-added services. With our information retrieval service, you can access a nationwide network of general and specific information data bases, ranging from Wall Street reports to airline reservations to baseball scores.

For less than the price of sending something overnight, you can fax it in seconds. For more information, call 1-800-869-TFAX (8329). And stay in touch with the world.
